

Doctoral degree program «Public Management»

Goal: To train top management specialists who can identify and solve urgent problems of public management, based on advanced conceptual visions, analytical techniques and ethical values.

The program objectives:

- Improve the professional and personal qualities of global leaders;
- Develop competencies for the formation of policies to respond to the challenges of our time.

Program Learning Outcomes:

Global vision and leadership – the ability to think globally, strategize and be a leader;

Business management and effective decision making – effectively plan and organize work, clarify strategic goals and priorities, correctly define powers, and distribute responsibility. Orient the team to the high-quality and timely implementation of the assigned tasks, the ability to develop and consider alternative solutions, considering the available resources and potential risks, to make effective and complex decisions at the strategic level to achieve the goals of the organization;

Efficiency – the ability to respond to internal and external changes to ensure effective work;

Cooperation – the ability to create a culture of effective interaction with other government agencies and non-governmental organizations;

Focus on the consumer of services and his informing – the ability to create conditions for the provision of quality services, take measures to improve the services provided, introduce the principles of openness and accessibility of services;

Integrity – the formation of an organizational culture in which ethical norms and standards of behavior are observed, including the implementation of ethical norms and values, decision-making in compliance with the norms of ethics and integrity, as well as being a model of ethical behavior for subordinates, showing impartiality, justice, selflessness, as well as respect for the honor and dignity of the individual.

3	Strategic Management and Leadership	5
	Elective course (from the Catalog of disciplines of NSPP/university-partner, or AIFC Bureau)	5
	Elective course (from the Catalog of disciplines of NSPP/university-partner, or AIFC Bureau)	5
	Elective course (from the Catalog of disciplines of NSPP/university-partner, or AIFC Bureau)	5
	<i>ERWD</i>	20
	TOTAL 3 SEMESTER	40
4	Seminar «Designing of Research Activities»	2
	<i>ERWD</i>	21
	Internship	4
	TOTAL 4 SEMESTER	27
5	Seminar «Designing of Research Activities»	2
	<i>ERWD</i>	24
	TOTAL 5 SEMESTER	26
6	Seminar «Designing of Research Activities»	2
	<i>ERWD</i>	24
		26
Total of theoretical training (including practice)		78
ERWD:		115
	• ERWD, incl. doing a doctoral dissertation	111
	• Internship	4
Final Examination (writing and defense of a doctoral dissertation)		12
Total additional training		127
Total number of compulsory credits		205
